Not Sure Where to Start?

Start with the era that matches their working years. For people born in the 1920s–1930s, try the **Greatest Generation (1950s)** editions. For those born in the 1940s–1950s, try the **Boomer Edition (1960s–1980s)** editions. When in doubt, start with an occupation or hobby book — identity memories are among the strongest and last the longest.
